Wheels of Yesteryear 2012

Sunday 15th. July

We cordially invite you to join us for our Road Run from the Scottish Mining Museum, Newtongrange EH22 4QN to Lennoxlove House EH41 4NZ

Thank you for entering. The route details will be given out on the day, with different country routes for light vehicles and motor cycles, and another route more suited to the commercials. We expect a good range of vehicles on the day, but due to space limitations we cap entry numbers and regrettably may need to decline some entries.

Full catering and toilet facilities will be available at the start and finish, and coffee/tea will be available at Glenkinchie. The tour of the distillery is entirely optional, but we expect anyone who has not been there before will take advantage of it (and probably quite a few who have already been around...). The judging will be done at Lennoxlove House, and the judges take into account that vehicles have been driven on the run – no marks deducted for this.

Tractors etc. will be started from a location near to Haddington, to do a shorter local loop dependent on numbers. Cycles start from a site within the Lennoxlove estate, and the run will be to the usual VCC standard.

Please arrive at the Scottish Mining Museum by 10am as vehicles will be departing between 10 and 11am. If you need space for unloading a large vehicle, it would be useful for us to know in advance to arrange the area.

Fuel is available at Tesco, 2 miles north, and Shell 1/2 mile to the South, on the A7

Please remember that we are organising this event at our own expense as we will not be able to charge the public for viewing, and we are dependent on the goodwill of these venues to be able to have a Run at all.

Also please do not contact the Scottish Mining Museum or Lennoxlove House directly about this event as they will not have information.
